

An appeal for our Special Needs Hub

Help build their future...

INTRODUCTION

The Silver Linings movement began in 1995 and continues to grow to meet the needs of our community, made possible by the generosity of people like you.

Silver Linings Trust supports individuals from Nursery through to Secondary education. From an initial group of seven Special Needs children at Barwick School in 2002, the Silver Linings Trust initiatives currently support 124 members assisted by 41 staff.

What happens to a Special Needs child when they finish their schooling?

Currently there is not one Special Needs home in Zimbabwe. Harbour House, located at 165 Coronation Avenue in Harare, is the solution which will dramatically enhance so many lives.

This is an appeal from Jeremy Brooke, supported by...Angela Jenkins, Arj Swears, Blessing Chishiri, Brendon Malloch-Brown, Craig Spong, Dr Mushekwi, Jenni Riley, Jennifer Shava, Julia Grainger, Katherine Whitfield, Leigh Howes, Margaret Warren-Codrington, Marion du Preez, Nick Grant, Peter Chadwick, Sarah Cumming, Silvia Duarte-Simoes, Tendai Chamba and others...

Bill Annandale started work in September 2019. He is supported by a Board with requisite specialised skills. None of the Board or Trustees are paid in any way for their work and assistance.

Each operational unit is self-sufficient, and the Trust has no debt. We have repaid in full the historic Debenture holders which enables the existing assets to be established at a value of US\$700,000.

It is now time to take on some debt to progress Silver Linings to the next stage....

THE PROJECT: A SPECIAL NEEDS HUB

At 165 Coronation Avenue, Greendale, Harare, renovations are underway to be operational by July 2021.

The Special Needs Hub will include the following facilities:

1) Newly built cottage to become a 6 bed home in the future.

2) The main house is being refurbished to a home for 8 residents and support staff.

3) The current nursery school will become an Educational Centre to host City & Guilds courses.

Aerial view of the Harbour House Hub. The property is surrounded by established cluster homes.

Harbour House before the refurbishments to become a home for 8 residents.

"It is during the worst of times, that the best things can be achieved."
